

Leak Buster™ SmokeMaker

AN AMERICAN SAFETY COMPANY

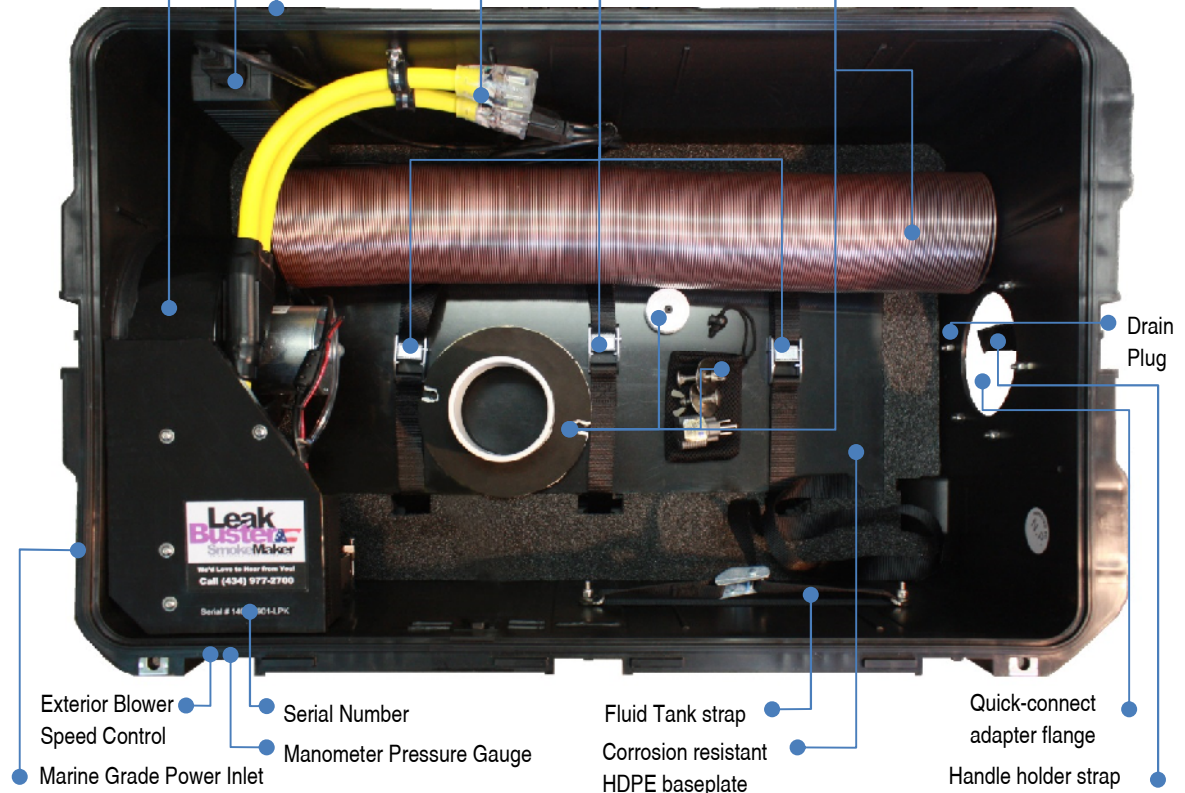

The Leak Buster™

represents a “quantum leap” in professional functional protection and pressurization for smoke machines. Delivers pressure backed non-toxic Carbon Monoxide free fog for a large variety of projects ranging from plumbing systems, envelope testing, to theatrical setups and beyond. A high quality centrifugal blower creates up to 1.5” of static pressure and an airflow rate of 120 CFM. Pressure is monitored and controlled using an external blower speed control. The case incorporates many features aimed at increasing protection to the unit as well as the ease of connection and operation. The cases ample height allows operation of the machine with fluid tank installed.

- Clear 12' Expandable 4" duct
 - 4" coupler and (2) 4" quick connect clamps
 - Hardware Pouch
 - Ducting adapter
 - Grommet Cap
- Included Equipment**

- Centrifugal Blower
- Blower power supply
- Fog Machine Outlet (5-15R/5-20R)
- 10ga Power Splitter
- Manual Holder (On Lid)
- 1" Load Straps

Specifications:

External Dimensions

31.5"L x 20.5"W x 15.7"H

Internal Dimensions

21"L x 17.5"W x 12.75"H

Empty Weight

27 Lbs

Inlet/Outlet

4" OD

(1) 5-15P/5-20P*

(Exterior inlet)

*5-20R to 5-15P adapter included

(2) 5-20R/ 5-15R

(Interior Receptacles)
